Project web spaces

The projects approved must use the web spaces provided by the programme.

Only in exceptional cases, projects can use an external platform. These projects still need to update their project space and to respect the visibility rules on their external platform.

Interreg North-West Europe
European Regional Development Fund

In this section you can read about the projects approved so far. Search per theme or location.

Why project web spaces?

- To save costs
- To harmonise the quality
- To ensure longer web life cycle
- To guarantee the respect of the visual identity and facilitate the follow-up

To enhance innovation performance of enterprises throughout NWE regions

Project Summary

The NWE life science sector is not exploiting its full potential due to the fragmented market and limited critical mass of its clusters. To grow sustainable new business, innovative NWE life science SMEs need to focus on international markets, but are held back by: * Lack of knowledge on internationalisation * Big differences in health care systems, cultures,

Q&A

Interreg
North-West Europe
European Regional Development Fund
EUROPEAN UNION

When can we have statistics?

A partner (or a partner's name, or address, or email…) has changed

How is decided what project spaces are displayed on the top of the home page?

Interreg North-West Europe
European Regional Development Fund
EUROPEAN UNION

Login details:

- I don’t have them
- I have lost them
- I cannot log in again

I don’t like some of the features of the project space

When am I going to have my short link?

When do I need to update my web space?
