Approval process

JS to approve the project report

- Project officer to check completeness, general information, reporting per work package, expenditure, assess progress
- Revert for more information, approve

Managing Authority

Certifying Authority

Report approval triggers the **payment**

Points of attention

Once claimed (WP, partner) it stays for ever BE CAREFUL!!!

1 expenditure 'real cost' **per budget line and per WP** corresponding to one invoice

PP to include the **date of payment** for all claimed invoice

Forecast section for the next period to be filled-in

Project changes

Need approval, inform us **in advance, and as early as possible**

Project objective is key

20% flexibility per budget line on project level (within approved total budget)

Last change 6 months before end date
