

UK CHARM Inspiration Days

We would like to invite you to participate in a series of events to inspire housing organisations, policy makers and communities. It will look at the circular economy in housing and how communities can develop new homes and retrofit existing homes with minimal impact on the planet. The event includes the start on site of the UK's first virtually plastic free homes.

Visit the CHARM website [HERE](#) for more information.

All times stated are shown in UK (BST)
