Investing in Opportunities

Specific Objective 1

To enhance the innovation performance of enterprises (**including social enterprises**) in North-West Europe

Types of Actions

1. Building innovation capacity of regions and territories to improve innovation performance
2. Improving the competitiveness of enterprises
3. **Delivering societal benefits through innovation**

What is social innovation?

Delivering societal benefits through innovation: Actions aim at all territories of NWE and specifically target **excluded population or population at risk for exclusion and communities under pressure**. Actions aim at supporting **development, testing and implementation of innovative solutions** for social needs and problems ('social innovation').

NWE Cooperation programme p. 23

... refers to the development and implementation of new ideas (**products, services and models**) to meet social needs and create new social relationships or collaborations. It represents new responses to **pressing social demands**, which affect the process of social interactions.

Programme manual version 4 p. 146

Tips for projects in this field

- **Need:** Is there a specific demand identified?
- **Target group:** Give precise details on theme, target group and end users
- **Transnationality:** Why can the issue not be solved on a local level?
- **Innovative aspect:** How does the project go beyond usual practices?
- **Result orientation:** Think of measurability and use evidence

Programme indicators
