

BUGS TO THE FUTURE

ARE YOU READY FOR EDIBLE INSECTS?

MEISE BOTANIC GARDEN | 15 MAY 2022

PROGRAMME

All day | 10.00 - 17.00

Tastings - Information stands - Foodtruck - Animation

Stakeholders meeting: eating insects: are we ready? | 10.00 - 12.00

- Eating insects: is the **policy** ready?

Which insects can currently be marketed in the EU? And in Belgium? Why these and not others (yet)?

A concise summary of the current rules and changes in legislation (Belgian Federal Public Health Service).

- Eating insects: is the **sector** ready?

How many Belgian companies breed insects for human consumption? What are their motivations? What are the biggest challenges?

An overview and testimonial of a convinced insect breeder.

- Eating insects: is the **consumer** ready?

What does the consumer/citizen think about eating insects? What is important in choosing whether or not to eat insects?

A look at the consumer survey as part of the ValuSect project.
