CHARM - Circular Housing Asset and Renovation Management

Digital technologies

Social impacts and engaging tenants in sustainable transitions

Plastics in construction

MEET ACADEMICS AND HOUSING PROFESSIONALS FROM:

- University of Birmingham and GreenSquareAccord
- TU Delft and Woonbedrijf (the Netherlands)
- Paris Habitat (France)
- Zonnige Kempen (Belgium)
- The European Federation for Living

SPEAKERS INCLUDE:

- PhD researcher Sultan Cetin (TU Delft)
- Dr Halima Sacranie (University of Birmingham)
- Dr Katherine Adams (Alliance for Sustainable Building Products.)

OPTIONAL EXCURSION: 11.30 to 15.30

Travel by train to Stirchley and Redditch for site tours with GreenSquareAccord to see their circular housing developments including the virtually plastic free homes.

Please note there are limited spaces available to book for the site visits, with priority given to international visitors attending this event. Once spaces are filled, additional site visits can also be arranged at future dates for other groups and organisations. If you would like to attend in person, please email mary.doria@greensquareaccord.co.uk

PLEASE NOTE > As this is a free event, it does not cover rail fare from the University of Birmingham train station to Stirchley and Redditch, which is typically under £10.

For more information contact Mary Doria:
