BioBase4SME WORKSHOP

Natural Fibertastic

Date: 5 April 2017

Location: Fort St. Gertrudis, Haven 54, 4931 AH Geertruidenberg, the Netherlands

With composites gaining larger market share for instance in planes, cars, etc., natural fibers are found in more and more applications as well. Together with the Natural fiber Application Center (NAC) we organize a workshop about bio-composites and other applications of natural fibers on 5 April 2017.

TOPICS

Natural fibers and bio-composites applications will be the overall theme. Within this theme, we will address sectors like packaging, building, gardening and more. The workshop aims to provide a podium where SMEs can interact on hurdles in the biobased sector. We hope that this will result in a clear message that we can send to legislators. We also invite SMEs to present their own innovations on the technology market. Are you interested in participating? Please contact Roel Koevoets: r.koevoets@rewin.nl

TARGET AUDIENCE

SMEs that are willing to cooperate in the transition towards a biobased economy.

BioBase4SME Workshop organised by:  

BioBase4SME is operated and/or co-financed by:

Provincie Noord-Brabant

BioBase4SME WORKSHOP

Natural Fibertastic

Date: 5 April 2017

Location: Fort St. Gertrudis, Haven 54, 4931 AH Geertruidenberg, the Netherlands

PROGRAMME AND SPEAKERS

11:00 Arrival - welcome coffee

11:30 Trip to the Natural fiber Application Center

Visiting natural fiber pilot facilities for paper making and compounding including a demonstration

13:00 Lunch and start parallel technology market

14:00 Opening by Leon Joore

Director Natural fiber Application Center

14:15 Introduction BioBase4SME by Roel Koevoets

Bio-Innovation Agent for the Netherlands

14:30 Green Building by Esther Stapper
Cluster Coordinator

14:45 Academic specialist natural fibers
To be announced

15:30 Coffee break

16:00 New Interreg 2 Seas project
By the innovation factory

16:15 Pitches about application of natural fibers

E.g. road side grass, degradable plant pot, composite guardrail, water plant fiber packaging, biobased composite packaging, etc.

17:30 Wrap-up and networking drinks

The registration is free, please sign up before 29th March 2017. After this date your place cannot be guaranteed. The link to register will be announced by your Bio-Innovation Agent.
