

The European project “CODEX4SMEs - Companion diagnostics expedited for small and medium-sized businesses” organises its first ROADSHOW in Paris.

Medicen Paris Region and its European partners invite you to participate at the ROADSHOW in order to introduce to you the European Project “Codex4SMEs”, a consortium of 9 European partners dedicated to SMEs involved in Companion Diagnostic sector (Cdx).

The project will support SMEs along the Cdx value chain in the three phases incubation, acceleration and growth. Partners aim to involve around 200 SMEs in the field of Cdx into the project. 46 of those will have increased the TRL levels of their Cdx products at least 1 level through the support in knowledge transfer/sample access and biomarker validation.

WE INVITE YOU TO MEET THE EUROPEAN PARTNERS INVOLVED IN THE CONSORTIUM AND DISCOVER THE BENEFITS THAT THE PROJECT CAN BRING TO YOUR COMPANY.

Program:

08:45 - Registration and coffee

09:00 - Overview of the Codex4SMEs Project

09:30 - Overview of the French in vitro Diagnosis market - **Jean-Pierre HERMET, JPH (Joint Partners for Healthcare), Author of the central biology laboratories overview for the french journal Les Echos.**

10:00 - Companion Diagnostic Regulation - **Sylvie Le GLEDIC, Director, Medical Devices & IVD Voising Consulting**

10:30 - Coffee break

10:45 - BMK TOOLS[®]: Bridging biomarkers from the lab to the market for the patient - **Inès AMADO, Deputy director, Aviesan**
