

Valentia Island ...come on in!

Valentia Energy Company –Community Meeting
April 27th 2019

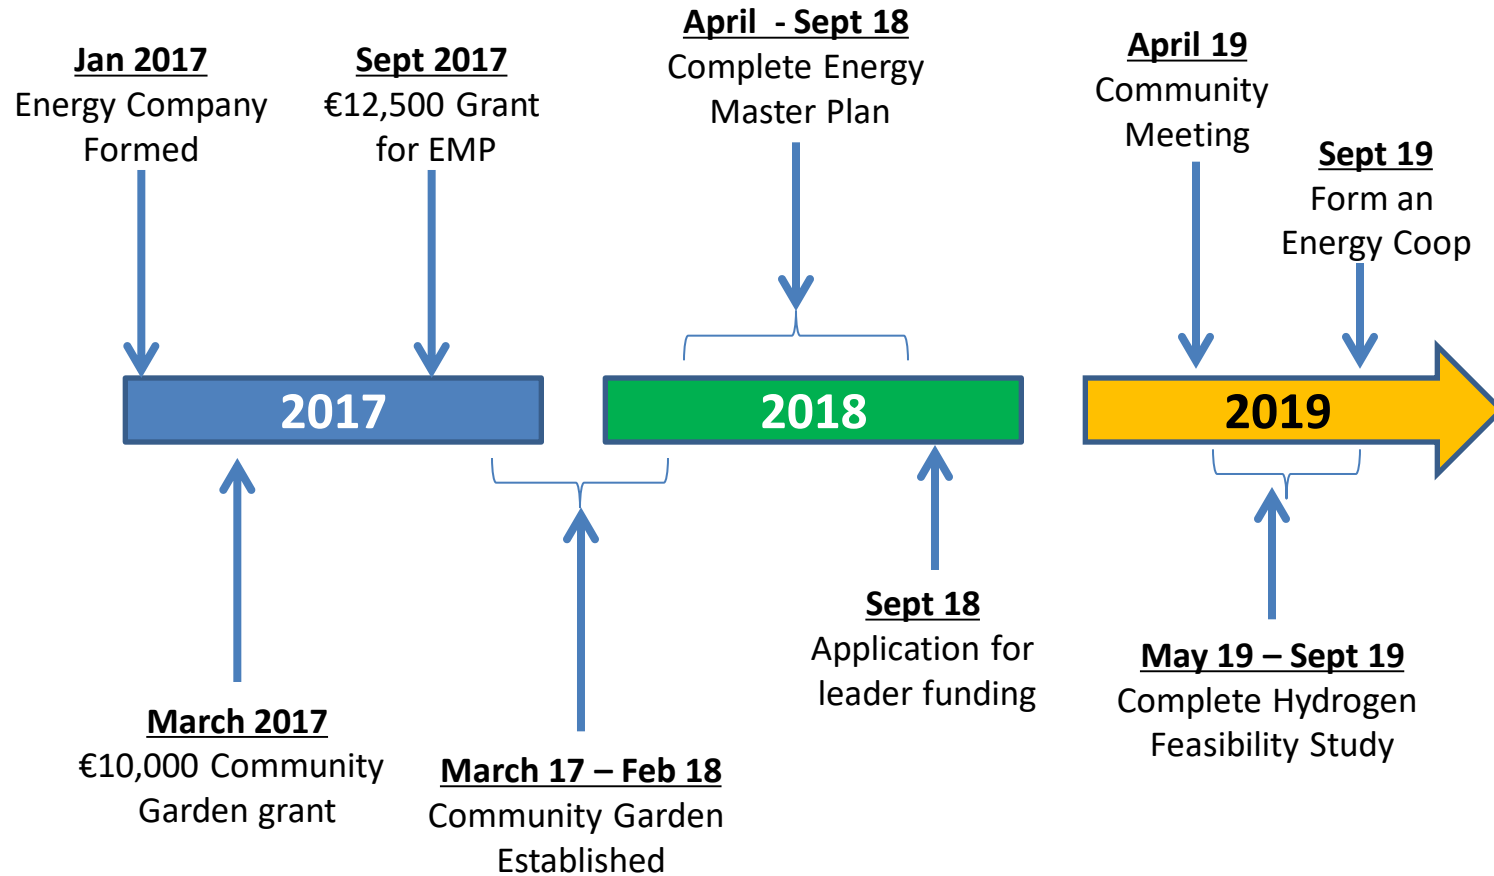

Imagine.....

- ❑ Valentia becomes energy independent through a community owned Renewable Energy model
- ❑ Governed by a community Coop - Earn dividends from a share ownership in an Energy Coop
- ❑ Long term benefit from a cheaper supply of electricity from community owned Renewable Energy
- ❑ Retain €1.2M of energy spending on the Island
- ❑ Achieve a carbon neutral environment in 5-10 years

Valentia Island ...come on in!

Our Journey

Valentia Island ...come on in!

Expected Outcomes From Today

- We become more aware of the proposed energy model and the opportunities it presents
- Spread the word
- Support the idea that an Energy Coop can move this idea forward
